

# Mini40 2x20W Digital Bluetooth Amplifier

## Features

- 2x20W high efficient amplifier
- Mini stereo Class-D amplifier
- 4-16Ω speaker output
- Bluetooth/AUX audio inputs
- Compact and elegant design

## Description

This Bluetooth amplifier is rated at 2x20W, 4-16 Ω speaker output. The Class-D technology assures its efficient power output with low power consumption.

It is concisely designed according to clients' market demand, where soft and comfortable music is needed. Compact design, Bluetooth connection and low power consumption making it suitable for hotels, mini stores and houses.

## Specifications

Rated Power	2×20w
Frequency response	20Hz~20kHz
Degree of distortion	<0.1%
Signal to noise ratio (S/N Ratio)	82db
Static power consumption (Power)	0.24W
Impedance	4-16Ω
Input Level	0dbV(0.775V)
Input Impedance	> 10kΩ
Bluetooth Distance	10m
Bluetooth Standard	BT2.1+EDR
Power	100-240V
Gross Weight	0.35kg
Net Weight	0.35kg
External Dimension (mm)	125mm×100mm×35mm
Packing Size(mm)	13mm×110mm×45mm

## 2. Appearance

1. Speaker outputs      2. Bluetooth status      3. AUX input      4. Power supply

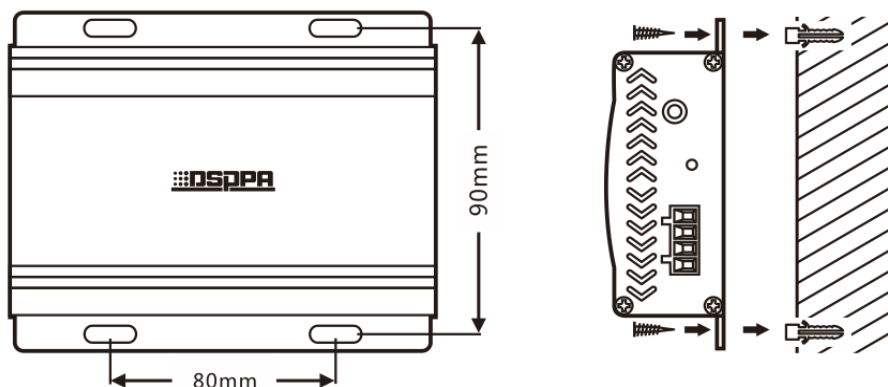

**Notice:**

When the power connects and line input, the indicator flashes in red.  
When the Bluetooth connects, the indicator lights in red.

## 3.1 Installation

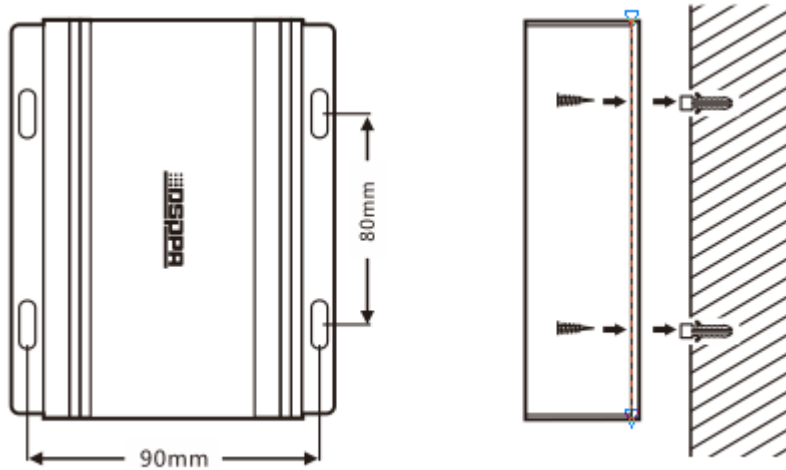

### A. Horizontal Installment

1. 4 screws is installed in the needed place.

## B. Vertical Installment

2. 4 screws is installed in the needed place.

## C. Put on the ceiling

1. Connect the lines of power input and amplifier input.
2. According to the need to connect the input lines.
3. Be sure that the installment is secure or not.

## *Packing List*

Elements	Number
Bluetooth Conveyor	1
Screw	4
Manual	1
